

# FORESTRY

---

## Days & Times Available:

Tuesday thru Thursday between 9:00 a.m. and 3:00 p.m.

For any block of time which works for your schedule.

We ask for a three-hour interval and a 12-month commitment if able.

## How You Can Help:

- Hand prune small sucker and epicormic sprouts from trees.
- Remove small “volunteer” trees and vines from shrubs, hedges, etc. within our high use areas.
- Clean up fallen tree limbs from ground.
- Water newly planted trees.
- Manage undesirable and invasive plants in the Gaddy Bird Garden, prairies, stream corridors, and other areas as needed.
- Assist team with mulching operation.

## Other Information:

Forestry experience is preferred, but we are willing to teach basic tree care to volunteers who are eager and open to learn.

Tasks will be initially supervised; however, we’d like someone who can work independently.

Driver’s license required.

## Sign Up!

Visit the *Special Events* section to sign up directly for a role for that event or contact our Volunteer Coordinator at [volunteer@towergrovepark.org](mailto:volunteer@towergrovepark.org)
